TITLE	Teacher Salary Study 1986-1987. Statistical Report Series.
INSTITUTION	South Carolina State Dept. of Education, Columbia.
PUB DATE	Feb 87
NOTE	110p.
PUB TYPE	Statistical Data (110)
EDRS PRICE	MF01/PC05 Plus Postage.
DESCRIPTORS	Degrees (Academic); Elementary Secondary Education; Librarians; *Public School Teachers; School Counselors; School Districts; School Libraries; State Surveys; *Teacher Salaries
IDENTIFIERS	*South Carolina

ABSTRACT

Teacher salary schedules are presented for the 92 geographic school districts and two special school districts in the state of South Carolina. The ranks of the salary schedule values and the average salary values are displayed for the 92 geographic school districts. Rankings of the two special school districts are excluded since teachers in these districts are employed for 235 days. The estimated average salaries for classroom teachers, and the averages for teachers, librarians and guidance counselors are calculated from the Fall 1986 contracted salaries which are reported through the Basic Education Data System. FOREWORD

The annual Teacher Salary Study is designed to provide teacher salary information which is requested most frequently by data users. Because of space limitations, salary schedules are presented for those teachers who possess a professional or "A" certificate and are employed for a regular school term. Considerations for extra-duty pay and incentive pay are not reflected in the salary schedules of this study. The Education Improvement Act (1987 Budget Proviso) requires school districts to maintain local salary supplements per teacher, no less than their 1985-86 level. Schedule changes after the Fall 1986 submission to the Department of Education occurred in some districts to meet this requirement.

Salary schedules are presented for the 92 geographic school districts and two special school districts, Palmetto Unified School District, and South Carolina Department of Youth Services. The ranks of the salary schedule values and the average salary values are displayed only for the 92 geographic school districts. Palmetto Unified School District and South Carolina Department of Youth Services were excluded in the rankings since teachers in these districts are employed for 235 days.

The estimated average salaries for classroom teachers, and the averages for teachers, librarians and guidance counselors are calculated from the Fall 1986 contracted salaries which are reported through the Basic Education Data System (BEDS). The 1985-86 end-of-the-year average salaries for teachers are calculated from teacher salary information which appears on the final update of the Professional Certified Staff Listing. Both the estimated and actual end-of-the-year average salaries for classroom teachers, and the average salaries for teachers, librarians and guidance counselors are derived through summing the total contracted salaries for full-time positions and dividing the sum by the total number of full-time positions. The information reported in the Teacher Salary Study, 1986-87 should be useful in examining teacher salary schedules across the State.

Please review the "Definitions and Explanations" on page 100 through 102 of this publication before using any of the data in the salary tables. Questions concerning the presented teacher salary information should be directed to:

Definitions and Explanations 100
Bibliography 103

1986-87 HIGHLIGHTS

- Eighty (80) school districts (87 percent of the 92 geographic school districts) pay a beginning teacher (Bachelor's Degree and 0 years experience) a higher salary than required by the 1986-87 State Minimum Salary Schedule. In these school districts salaries for beginning teachers range from a low of 0.01 percent above the State Minimum to a high of 10.49 percent.

- Fifty-three (53) school districts increased beginning teacher salary supplements to values which exceeded their 1985-86 level. The largest such increase is found in Orangeburg School District 3 which added a supplement of $1,000 for beginning teachers in 1986-87. In 1985-86, Orangeburg School District 3 paid beginning teachers a supplement of $500.

- Twelve (12) school districts pay teachers according to the 1986-87 State Minimum Salary Schedule. Eighty (80) school districts pay teachers above the State Minimum Salary Schedule; however, seven (7) these school districts did not submit salary schedules for teachers possessing a Doctor's Degree.

- The 1986-87 State Minimum Salary Schedule represents an increase of approximately 6.4 percent above the 1985-86 Minimum. According to the Office of Finance, this figure is based on a 5.80 percent increase resulting from the S.C. Education Improvement Act (1984), and a 12.45 percent increase resulting from the Education Finance Act (1978).

- The estimated statewide average salary of teachers for 1986-87 is $23,039, a 6.69 percent increase over the 1985-86 average of $21,595.

- The highest estimated average salary for teachers in 1986-87 is $25,690 and is reported in York School District 4.

- The greatest dollar increase and percent increase in average salary for teachers from 1985-86 to 1986-87 are $2,660 and 13.18 percent, respectfully, as reported in Orangeburg School District 1. The average salary in Orangeburg School District 1 for 1985-86 was $20,184, and the 1986-87 estimated average salary is $22,844.

- The highest salary for a beginning teacher (Bachelor's Degree and 0 years experience) is $17,747 and is found in York School District 2.

- Orangeburg School District 3 provided the greatest dollar increase and percent increase in salary for a beginning teacher (Bachelor's Degree and 0 years experience). The 1986-87 salary of $17,562 represents an increase of $1,968 or 12.62 percent over the 1985-86 salary of $15,594.

DEFINITIONS AND EXPLANATIONS

AVERAGE SALARY, 1985-86: The district and State average salaries for 1985-86 are based on the final "Professional Certified Staff Listing, 1985-86."

TEACHERS: Only the salaries of full-time classroom teachers (BEDS Codes 03-09) with at least 190 days of employment are included in the calculation of the averages.

TEACHERS, LIBRARIANS AND GUIDANCE COUNSELORS: Only the salaries of full-time classroom teachers, librarians and guidance counselors (BEDS Codes 03-11) with at least 190 days of employment are included in the calculation of the averages.

EDUCATIONAL LEVEL:

Bachelor's Degree - Teachers with a Class III certificate are included in this category. Regular teachers must have a Bachelor's Degree and shall meet requirements for an initial area of certification as adopted by the South Carolina State Board of Education. Certain categories of vocational teachers attain a Class III certificate through a combination of education and work experience ranging from a Bachelor's degree in an appropriate field and one year of work experience to a high school diploma or equivalent and eight years of successful work experience in the trade for which they are employed to teach.

Bachelor's Degree + 18 HOURS - Teachers with a Class II certificate are included in this category. Regular teachers must have a Bachelor's Degree plus eighteen semester hours of graduate credit and shall meet requirements for an initial area of certification as adopted by the South Carolina State Board of Education. Requirements for certain categories of vocational teachers range from a Bachelor's degree and eighteen hours of graduate credit in an appropriate field and one year of work experience to a high school diploma or equivalent and ten years of successful work experience in the trade for which they are employed to teach.

Master's Degree - Teachers with a Class I certificate are included in this category. Regular teachers must have a Master's Degree and shall meet requirements for an initial area of certification as adopted by the South Carolina State Board of Education. Requirements for certain categories of vocational teachers range from a Master's degree in an appropriate field and one year of work experience to a high school diploma or equivalent, ten years of successful work experience in the trade for which they are employed to teach, plus a minimum of thirty-two approved semester hours.

Master's Degree + 30 Hours - Teachers with a Class I-Specialist certificate are included in this category. The Class I-Specialist certificate requires a Master's degree plus thirty semester hours of graduate credit in a planned program approved by the State Board of Education. A minimum of sixty semester hours is required. The applicant also

must meet the requirements for an initial area of certification as adopted by the South Carolina State Board of Education.

Doctor's Degree - Teachers with a Class I-Advanced certificate are included in this category. An applicant shall have an earned Doctorate and shall meet requirements for an initial area of certification as adopted by the South Carolina State Board of Education.

ESTIMATED AVERAGE, 1986-87: The district and State estimated average salaries for 1986-87 are based on the Fall 1986 BEDS data collection.

TEACHERS: Only full-time classroom teachers (BEDS Codes 03-09) with a contract of at least nine months are included in the calculation of the averages.

TEACHERS, LIBRARIANS AND GUIDANCE COUNSELORS: Only the salaries of full-time classroom teachers, librarians and guidance counselors (BEDS Codes 03-11) with a contract of at least nine months are included in the calculation of the averages.

GUIDANCE COUNSELOR: Includes position code 11 from the Basic Educational Data System and "Professional Certified Staff Listing."

LIBRARIAN: Includes position code 10 from the Basic Educational Data System and "Professional Certified Staff Listing."

MINIMUM SALARY SCHEDULE: The Education Finance Act (EFA) of 1977 established a minimum salary schedule for teachers in South Carolina. The schedule is adjusted annually at the same percentage as the base student cost in the foundation program. All ninety-four districts pay teachers at least the minimum specified by State Statute.

The displayed schedules in this publication include only salary values for teachers with a Professional or "A" certificate and who are employed 190 days. The 1986-87 salary schedules for the 92 geographic school districts are compared to the 1986-87 minimum salary schedule for selected years of experience. The comparison shows the amount and percentage that the district pays beyond the amount required in the selected groups. The difference indicated in these tables should not be considered the equivalent to the local supplement under the State Aid System which was in effect prior to the implementation of the EFA. The EFA changed the method of State allocation, and local funding for teacher salaries is included in the minimum schedule on a percentage basis which varies by district.

RANK: Ranks are computed only for the 92 geographic school districts. The ranks appearing next to the salary schedule values and the average annual salary values indicate the position of the paid salary or average salary relative to the values for the other ninety-one districts. For example, a rank of 1 indicates that no other district has a higher value; and a rank of 60 indicates that exactly 59 districts have a higher value.

In some instances, there are large cell-to-cell variations in rank within a district. This occurs when a schedule is similar to that of a group of districts paying the same schedule values. For example, the seven school districts in Spartanburg County pay teachers essentially the same salary schedule values. A district with a similar salary schedule could have ranks differing seven places without a substantial deviation in comparative values.

There are approximately 64 different salary values per cell as reported by the 92 school districts. Districts with the lowest salaries rank from 72 to 81 for all educational levels and years of experience. For example, twelve districts pay a beginning teacher the minimum salary of $16,062. These districts all tie for the bottom rank of 81. Note that while a rank of 81 means that exactly 80 districts rank higher, it does not mean that 12 districts rank lower. Therefore, one should be cautious when using these data.

SALARY SCHEDULE: The 1986-87 district salary schedules are reported as submitted to the State Department of Education in the Fall of 1986 by the ninety-two geographic school districts and two special school districts, Palmeto Unified School District and S.C. Department of Youth Services. Due to space limitations, the salary schedule data are presented only for teachers with a Professional or "A" certificate. Salary schedule data for teachers with less than a Bachelor's Degree (Class III certificate) and longevity increments beyond seventeen years of experience are not displayed. In instances in which district salary schedules lack a salary for a specific class or educational level, a dash (-) is used to denote the omission.

The 1986-87 salary schedules for the 92 geographic districts are compared to the 1985-86 schedules for selected years of experience. Please note that the comparisons represent the difference and percent difference between the two years in identical educational level and experience cells. The actual change in salary for an individual teacher from 1985-86 to 1986-87 would be greater due to the incremental step for experience.

TEACHER: Legally, a "teacher" is defined as any person who is employed either full-time or part-time by any school district either to teach or to supervise teaching (Section 59-1-130, 1976 S. C. Code of Laws). For the purpose of this publication, teacher information originally collected through the Basic Educational Data System and updated via the "Professional Certified Staff Listing" was utilized in this report and includes teacher position codes, 03 (special education - itinerant teacher), 04 (child development teacher), 05 (kindergarten teacher), 06 (special education - self contained), 07 (special education -resource teacher), 08 (classroom teacher), and 09 (other professional instructional staff).

YEARS: The total years of educational experience include the number of years employed in a professional education capacity. Longevity increments beyond seventeen years of experience are not displayed on the salary schedules, however, all teachers, including those beyond seventeen years of experience, are included in the average salaries.
